

## Holiday & Hearth

|                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>Q: What do snowmen eat for breakfast?</p> <p><b>A: Snowflakes</b></p> <p>“Winter is the time for comfort, for good food and warmth, for the touch of a friendly hand and for a talk beside the fire: it is the time for home.” -Edith Sitwell</p> | <p>Q: What do you have in December that you don't have any other month?</p> <p><b>A: The letter “D”!</b></p> <p>“Snowflakes are one of nature's most fragile things, but just look what they do when they stick together!” - Verna M. Kelly</p>                                                 |
| <p>Q: What do you get when you cross a snowman with a vampire?</p> <p><b>A: Frostbite</b></p> <p>“Wherever you go, no matter what the weather, always bring your own sunshine. -Anthony J. D'Angelo”</p>                                             | <p>Q: What did the big furry hat say to the warm woolly scarf?</p> <p><b>A: “You hang around while I go on ahead.”</b></p> <p>“There's one good thing about snow, it makes your lawn look as nice as your neighbor's. “<br/>-Clyde Moore</p>                                                    |
| <p>Q: What do you call 50 penguins in the Arctic?</p> <p><b>A: Lost! REALLY lost!</b></p> <p><b>(Penguins live in Antarctica)</b></p> <p>“Snowmen fall from heaven... unassembled.”<br/>-Author Unknown</p>                                          | <p>Q: Why is the slippery ice like music?</p> <p><b>A: If you don't C sharp – you'll B flat!</b></p> <p>“I used to stare up at the sky trying to see where the snowflakes were born. I could do it for hours. Well, minutes. But it was always the waiting that was the most fun.” -Unknown</p> |
| <p>Q: What's an ig?</p> <p><b>A: A snow house without a loo!</b></p> <p>“When the bold branches bid farewell to rainbow leaves -Welcome wool sweaters.” -B. Cybrill</p>                                                                              | <p>Q: How do you tell the difference between a walrus and an orange?</p> <p><b>A: Put your arms around it and squeeze it. If you don't get orange juice, it's a walrus.</b></p> <p>“Snowflakes are kisses from heaven.” -Unknown</p>                                                            |

|                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                                             |
